SUBJECT:

Request for the Extension of  
Detail to the NSC

STAT

This is to request the extension of the non-reimbursable detail  
of [redacted] to the National Security Council.

STAT

STAT

[redacted] has been assigned as a Director for International  
Economic Affairs since March, 1988. Mr. Danzansky, Senior  
Director in that office, has discussed the requested extension  
with the Deputy Director for Intelligence, Richard Kerr, who  
agreed in principle. Your Director, Office of Global Issues has  
proposed that the extension be on a reimbursable basis. This is  
contrary to our normal arrangements with CIA (as well as other  
departments and agencies) for detailed personnel, and because of  
the NSC's budgetary constraints, will not be possible for us. I  
would appreciate your assistance in securing an extension of  
[redacted] detail through the change in Administrations on a  
non-reimbursable basis.

I thank you for your continued support.

MEMORANDUM FOR: Paul Schott Stevens  
Executive Secretary  
National Security Council

SUBJECT: Extension of [redacted] Detail  
to the NSC

STAT

1. I recently received your request for an extension of the non-reimbursable detail of [redacted] to the National Security Council. Regrettably, it is not possible for us to extend [redacted] detail through the change in Administration on a non-reimbursable basis.

STAT

STAT

2. While in principle I have no difficulty with any rotation to NSC, each case has to be weighed on its own merits. In the case at hand, we have done everything possible to help Mr. Danzansky and his staff. Early this spring he asked if [redacted] could help him for a number of months, and [redacted] specifically asked that her arrival be made as expeditious as possible. In a matter of days [redacted] went down to the NSC on a non-reimbursable detail which was to extend until the end of June. For NSC convenience the rotation was then extended an additional two weeks into July. From an Agency perspective, [redacted] managerial and substantive responsibilities were given to a fellow branch chief, who for the entire period of the detail was managing both his branch and [redacted]. Needless to say, such an arrangement can only be short term in nature. It puts an enormous burden not only on other branch chiefs but also to the personnel in the units in question. We have now reached the point where either [redacted] needs to stay with her unit at headquarters, or she needs to be replaced on a permanent basis so that her branch is receiving the full-time leadership that it needs. In summary, we continue to be highly supportive of the NSC's mission but in this specific case cannot endorse an extension of [redacted] assignment to the NSC Staff.
